

"Plassey College Football Ground: Where Passion Meets Innovation"

Nestled in the heart of Plassey College, Plassey, Nadia, our football ground is a testament to the power of adaptability and determination. Although not conforming to traditional dimensions, our 60x40 meter field is a vibrant hub for football enthusiasts, cleverly designed to accommodate 6-aside matches.

This compact yet dynamic space has been carefully crafted to foster skill development, teamwork, and camaraderie among players. The reduced size of the field demands quick thinking, strategic play, and lightning-fast reflexes, making every match an exhilarating experience.

Our football ground may not be conventional, but it embodies the spirit of innovation and resilience that defines our college community. It's a place where students come together to chase their passion, push boundaries, and create unforgettable memories.
